INVASION OF CHINA.

Japanese Troops Will Soon March on to Peking.

ARE LANDING BY THOUSANDS.

The Japanese believe that they will be in a position to defeat the Chinese before the end of the year. An Imperial Edict from Shanghai. The latest from Japan and China.

LONDON, Oct. 2.—The Times publishes letters from Yokohama bearing date of Aug. 24, stating that Japan is preparing to increase her army in Korea to 100,000 men. The intentions of the government are to crush the Chinese army in Korea and march on Peking, where the cause of the island of Formosa demanded.

A letter dated Sept. 1 says that 20,000 men of the Japanese army have received orders that a naval battle has been fought somewhere in the Gulf of Pe-Chi-Li. It is added that vessels on both sides were damaged. The dispatch of troops continues, but their destination is not known, except that 100,000 men have left to fight the Chinese somewhere. The Japanese believe that they will be in a position to defeat the Chinese before the end of the year and also that they will possess the hoarded millions at Peking belonging to the Chinese Imperial family.

Japan is calling out the second reserve to supplement the defeated garrisons. The call has not been responded to with enthusiasm. Many of the men were never before called out. They are ignorant and dull, and are angry because of having to leave their occupations and families. They are also afraid that they will be called to fight in Korea, where people there are less enthusiastic about the war.

Japan Landing Her Troops in China. LONDON, Oct. 2.—The Times publishes a dispatch from Shanghai stating that it is reported that 30,000 Japanese troops have been landed on the island of Formosa between the Yellow river and Tien-Tsin.

The Times also publishes a dispatch from Shanghai stating that the Associated Press Shanghai dispatch says that Li Hung Chang is vigorously supported by the dowager empress. The dispatch adds that it was at the suggestion of Li Hung Chang that Prince Kung, the emperor's sixth uncle, who had been in disgrace for some time, was recalled to the presidency of the Taiping at Yamen, with full control of China's foreign affairs.

The dispatch further says that a large detachment of leading merchants, headed by the city magistrate, and a number of Chinese troops, were sent to the coast to meet the Japanese troops. The Japanese troops were met by the Chinese troops, and a battle was fought. The Japanese troops were victorious, and the Chinese troops were killed.

DISORDERS IN CHINA. No Clothing For the Troops, Food Scarce and Weapons Wanting. LONDON, Oct. 2.—A dispatch from Shanghai states that the Chinese war council continues to sit, but the disorders in the commissariat passes belief. There is no clothing for the troops, food is scarce and weapons are wanting. The Chinese troops are in a state of disorder, and the war council is in a state of confusion.

Foreigners do not venture in the camp unless they are amply guarded. Most of the European consuls are in the towns for protection. Many Chinese merchants have also migrated to the coast towns, feeling they will be more secure with their goods and families. Remnants of the Chinese force from Ping-Pang have reached Moukden. They lost everything and tell dreadful stories of the fight.

The transport ship Chang has arrived at Hankow for the purpose of unloading troops for the north. Troops have been ordered to proceed from Canton to Formosa.

Imperial Edict. SHANGHAI, Oct. 2.—An Imperial edict has been issued appointing General Sun, formerly commander of the Pei-Yang army corps, now in Manchuria, and chief of the Chinese forces in the Korean division, which is under the command of a Tartar general. The other generals are commanded to obey General Sun under penalty of death.

Approaching the Boundary. YOKOHAMA, Oct. 2.—The Japanese army has reached Anju in Korea. The first column advanced to Chugan and Ansong, further northeast about 50 miles from the Chinese boundary, without finding the enemy. The third and fifth divisions have established their headquarters at Ping-Yang.

Predictions Confirmed. WASHINGTON, Oct. 2.—The reports that the Japanese are hovering at Ulsan and that the Japanese troops are being landed on the peninsula of Japanese authorities here when the second Japanese army embarked, that the invasion of China and the march on Peking would begin soon.

ELECTIONS IN CONNECTICUT. Returns indicate that the Republicans have swept the State.

NEW HAVEN, Oct. 2.—Returns of local elections from different parts of the state are showing coming in, and it appears a Republican landslide has swept the state. Out of 40 towns heard from the Republicans gain 10. Among the first 27 cities and towns reported, 19 were Republican and eight Democratic.

Northwest gave the Republican majority; Waterbury, Meriden, Thomaston, Bethany and Orange are all Republican. Stamford gave the biggest Republican majority since the war.

At New Britain, the citizens' ticket was victorious. At New London, Johnson (Dem.) defeated Noy (Rep.), but the Republicans regained control of the council. Danbury elected the entire Republican ticket.

ACCIDENT AT A CROSSING.

IT WAS NOT A SUCCESS.

A Train Robbery That Did Not Pan Out Well.

ONLY ABOUT \$500 SECURED.

One of the Robbers Wounded Five Times and Is Now Lying in Jail While the Others Are Being Held Pending With Excellent Chances of Being Captured and Hanged.

TUCSON, A. T., Oct. 2.—Notwithstanding the fact that a territorial law is in force which makes train robbery a capital offense, a gang of desperate lawbreakers have renewed a line of business which it was believed would never again darken the criminal history of Arizona by holding up, at 10 o'clock yesterday morning, eight miles east of Tucson, the eastbound overland.

The robbery was not a success. It was planned, but the work from a financial standpoint was a failure. The robbers secured less than \$500, a number of people so badly that their complexion was not natural in color for several days and paved well the way for the robbers to return to the scene of their crime.

CYCLONE IN WICHITA.

Another Kansas Town Badly Damaged by a Hurricane.

WICHITA, Kan., Oct. 2.—For 30 years Wichita has felt only about cyclones on account of an Indian legend, which said that no one would visit, or would visit the legend as well as the popular source of security were burst last night when a rain cloud from the south, which was very dark and which resulted in the storm, struck the city.

The division headquarters and the Twelfth street depot of the Missouri Pacific was the first building struck and it was completely demolished. The roof striking the stable of Dr. Hays, two blocks away, crashing it like an eggshell. Twelve men were in the building at the time and, strange to say, none of them were hurt, although they were thrown about from one end to the other.

The storm passed east about a mile, accomplishing all its destruction in less than two minutes. About 300 houses and barns were wrecked and probably 500 sheds were pulled up by their roots and strewn about in all directions.

The path of the cyclone was about 50 feet wide and was a regular twister. Two children were hurt and two men were killed, but their names could not be ascertained. The storm was very dark and the wind was very strong.

CANDLE NUTS OF HAWAII

A Tree That is Found in Many Ways to be Used.

In all the valleys of the Hawaiian Islands, the forest is thick with a tree with a green, glossy leaf, which is light green on the upper side and dark green on the lower side. This is the kukui or candle nut. It is found from the base of the mountain to the edge of the sea, and is used as a torch. As the uppermost kernel is burned off, the next is ignited, and so it goes until the last is consumed.

The tree was a very useful one to the Hawaiian, not only in furnishing light at night, but for many other reasons. The nuts are incised in a hunk like our walnuts, but it is frequently found that two are formed in the same hunk. The kernel is extremely rich in oil, which has been expressed and used for house painting, although it is not a poor substitute for linseed oil. It is difficult to get it to dry, and it always has a peculiar odor. The natives used the oil as an external remedy for some diseases, and especially as an aid in parturition. Should you collect some of the nuts you will find them good eating, but I should advise you that you should eat one or two, or you will find that it will certainly respond many times as the Mexican nut.

The natives roast the nuts in the ashes, and, having removed the shell, crush the kernels to a paste, mixing them with salt and pepper. This is one of the most delicious and appetizing foods imaginable, and is of great value to the traveler. It is a good food element to a good food, and it is a good food element to a good food, and it is a good food element to a good food.

From the bark of the tree there is a gum called pilae, which is used as gum arabic or gum tragacanth for many purposes. It was also used as medicine by the Hawaiians in case of dysentery. Being harmless, it would be useful in confectionery in making gums and jellies.

The wood of the tree is somewhat like our basswood and is of little value in building or in fencing, as it rots very speedily. Sometimes the natives made canoes of it, but never considered them as valuable.

As the tree grows in the forest, its trunks and limbs are found to be covered with an edible fungus called peipeia, which was formerly exported in great quantities to the Chinese markets.

Today the kukui nut is largely used in the manufacture of jewelry, which is much prized by tourists as mementos of a visit to the paradise of the Pacific. The shell is quite hard and takes a brilliant polish and

PASTOR REMEMBERED.

Rev. Biggs and Family Presented With Tributes

At the home of the congregation of Grace M. E. Church last evening.

Grace M. E. church, at 735 South Elizabeth street, was the scene of a very enjoyable affair last night.

Rev. Biggs had been pastor at Grace church, corner Kirby and Elizabeth streets for the past three years.

During that time he has labored earnestly and successfully in the interests of his church and congregation, and the members decided to display in some manner that their pastor's efforts were not unappreciated, and it was decided to surprise Mr. and Mrs. Biggs and family with a farewell reception before they removed to St. Marys, where Mr. Biggs has been assigned to a new field of labor.

Accordingly, at 8:30 o'clock last night, a large number of the members of the congregation met at the church and going to the parsonage in a body, gave the family a most agreeable surprise. After the guests had entered the house, Rev. Biggs was presented with a beautiful rocking chair which had been purchased by the congregation, the presentation speech being made by Rev. Bates. Mrs. Biggs was presented with an excellent collection of table linen, given by the Ladies' Aid Society, and after a number of brief speeches, Mr. Bowditch presented Mrs. Biggs with a costly Bible, which was given by the Epworth League of Grace church.

The presents were all highly appreciated and as soon as the recipients had sufficiently recovered from their surprise, they thanked the guests for their kindness, after which the remainder of the evening was devoted to speeches, songs by the quartette of Grace church and music by the Odeon mandolin club.

Among the guests was Rev. Smith, recently of Celina, who stopped here while en route to Toledo, where he has been assigned.

Mr. and Mrs. Biggs and family will leave for St. Marys to-morrow morning.

ROUND ABOUT.

George W. Wolf, a bicyclist, who started from the Chicago Herald office yesterday morning, at 5 o'clock, to break the record to New York city, passed through this city this morning.

He was about an hour ahead of the record and was riding to Lafayette by Ed Reed. Wolf carries a message from the Herald to the New York World.

Rev. Anderson, of the A. M. E. church, was not reassigned to Lima, as his congregation and its friends had hoped, but was sent to Toledo instead. Rev. Coleman, formerly pastor here, has been assigned to the charge here.

ON THE QUIET.

J. E. De Voe and Miss Pearl De Turk Wedded Last Night.

At 8 o'clock last night Mr. J. E. De Voe and Miss Pearl De Turk were quietly married by Rev. Bates at his residence on West Kirby street.

The marriage was a very quiet affair but was however not a surprise to their many friends who are to-day extending hearty congratulations.

Mr. De Voe is head clerk at Jones Bros. grocery on the South Side and is a very prominent young man, while the bride is a very estimable young lady, whose parents reside in Lamartin, Pa., and who was recently of Hiner's studio.

Mr. and Mrs. De Voe went directly from Rev. Bates' residence their future home at 740 Greenlawn avenue, where they will be at home to friends.
